***EXAMINER'S AMENDMENT***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CAR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Wilson on April 29, 2003.

The application has been amended as follows:

Non-elected claims 24-36 were canceled without prejudice towards further prosecution.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method comprising:

- a) obtaining at least a first soluble anti-nuclease antibody;
- b) obtaining at least a second soluble anti-nuclease antibody, wherein the first and the second soluble anti-nuclease antibodies bind to different nucleases;
- c) obtaining a composition;
- d) admixing the anti-nuclease antibodies and the composition to form an admixture; wherein nucleases that may be present in the admixture are inhibited.

Although Lee et al. (Immunochemistry, (1972), Vol. 9, pages 210-213)) teaches a method comprising: a) obtaining at least a first soluble anti-nuclease antibody;

Art Unit: 1634

c) obtaining a composition;

d) admixing the anti-nuclease antibody and the composition to form an admixture; wherein nucleases that may be present in the admixture are inhibited,

Lee et al does not teach the step (b) of obtaining at least a second soluble anti-nuclease antibody, wherein the first and the second soluble anti-nuclease antibodies bind to different nucleases.

In view of the absence of either teaching or suggestion of such a step (b) of obtaining at least a second soluble anti-nuclease antibody, wherein the first and the second soluble anti-nuclease antibodies bind to different nucleases, the present invention is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
